### **Our Audiences – Our Story**

### **Internal Government Audiences**

Audience	What do they care about?	How do we impact them?	What do they want from us?	What do we want from them?	Challenge	Opportunity/ Focus areas	Key Message
Example: GAO	Compliance, risk mitigation, efficiency, minimizing waste	Our work should support their goals, but our pilots are expensive and risky so will draw their attention.	Visibility into: ecosystem, migrations, costs, governance, vision	We want them to endorse/enforce our framework.  We want them to do research/ reporting that strengthens our position.	Oversight may take time away from priorities; criticisms could detract from long term vision.	Focus on our comprehensive approach, governance, playbook, and the maturity model	We are building the foundation for transformational change that will lower risk and cost and enhance compliance.

#### **External Audiences**

Audience	What do they care about?	How do we impact them?	What do they want from us?	What do we want them to think/do?	Challenge	Opportunity	Key Message
Example:  General Public	Good stewardship of taxpayer dollars, positive interactions with government	Improve interactions with government, save taxpayer dollars for mission	Efficient government  Better services  Secure and transparent government	We want them to have a positive/improved view of government management.	Message unlikely to penetrate/ prevail over the existing view of government operations	Could leverage stories about impact on citizens of improved services. Focus on cost savings and security.	We are driving transformational change in government management that will benefit the taxpayer and make government more efficient.

The Performance Improvement Council (PIC) shares best practices and builds capacity across the federal government to set, plan, and achieve priorities for the American Public. The PIC is supported by the Office of Shared Solutions and Performance Improvement (OSSPI) at the General Services Administration (GSA) and can be reached at picstaff@gsa.gov.
